Metrc Support Bulletin

Bulletin Number: MI_IB_0092	Distribution Date: 11/06/2024	Effective Date: 11/20/2024
Contact Point: Metrc Support	Subject: Administrative Recall functionality	
Reason: To provide an update on the new flag for product marked for recall by the CRA		

Greetings,

Metrc and the Michigan Cannabis Regulatory Agency (CRA) are pleased to announce the release of Administrative Recall functionality in Metrc effective November 20, 2024.

This bulletin provides important information related to identifying packages with a recall status and to highlight relevant updates associated with packages that carry this designation.

Please read on for additional information.

Metrc Support Bulletin

Administrative Recall functionality

The Administrative Recall functionality is designed to provide additional transparency for Metrc users regarding the status of facility package inventory. There are several ways in which users may identify that a package has been placed on Administrative Recall. Initially, when a package is designated with the recalled status, the Metrc Admin/Owner of the facility will obtain a notification via email.

Beyond the initial email notification to the facility Admin(s), the status is also identifiable in the following ways on the Packages Grid – **see Figure 1**.

- The package information will be displayed in blue.
- The Administrative Recall (A.R.) column will display as "Yes" with a blue rectangle highlighting the text.
- A banner will display notifying users that a package has been designated with the recalled status.

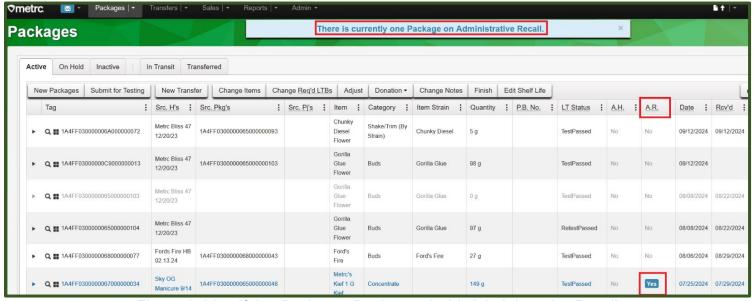

Figure 1: Identifying Packages Designated with Administrative Recall

Important note: While users do have the ability to transfer packages with an Administrative Recall status, these recalled packages will not be able to be combined, remediated, or submitted for additional lab testing.

Retailers will be able to repackage the remaining recalled product into a new package for the purpose of retaining sales data within their facility and to process returns.

Metrc resources

If you have any questions, or need additional support, the following resources are available:

Contact Metrc Support by using the new full-service system – Service Cloud – by navigating to <u>Support.Metrc.com</u>, or from the Metrc System, click the Support area dropdown on the navigational toolbar and click support.metrc.com to redirect to the portal.

Please note: If accessing the portal for the first time, a username (which is established when logging in), the respective state and "Facility license number", and a valid email to set a password are required.

Metrc Learn: Metrc Learn was recently redesigned to offer interactive educational opportunities to enhance Metrc system users' skills and provide various training options based on experience level.

In addition, the learning system is organized into facility-specific programs made up of various courses. To login or register for an account, visit Metrc Learn.

Access additional resources: In the Metrc system, click on the Support area dropdown on the navigational toolbar and select the appropriate resource, including educational guides, manuals, and more.

Thank you for your continued partnership.
