Metrc Support Bulletin

A new disclaimer has been added to the bottom of the Transfer Manifest, which is highlighted in **Figure 1**, and states:

"By receiving this transfer in Metrc, the licensed employee is confirming all contents of this shipment have been provided by the originating business and all package weights or quantities are accurate. For instances where rejection is needed, the licensed employee rejecting this transfer, or part of this transfer, is also responsible for rejecting any items that are not physically received or are being returned to the originating entity."

If a user does not know how to create a Licensed Transfer Manifest or does not know how to accept/reject/void a Licensed Transfer Manifest, please refer to Metrc Expert or Metrc Learn.
